

Features & Benefits

Includes splices and hardware

Cablofil 90 Horizontal Elbow

Part No. P311228

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

| General Info | | | |
|--------------|-------------------|--------------------|------------------------|
| Product Line | Cablofil | Finish | Aluminum |
| UPC Number | 800388171022 | Country Of Origin | Mexico |
| Bottom Type | Ladder | Application Sector | Commercial, Industrial |
| Гуре | Horizontal Elbows | | |

| Product Width US | 48.0 in | Product Weight US | 15.733 lb |
|-------------------|-------------|-------------------|-----------|
| Product Volume US | 9.655 cu ft | Product Depth US | 48.0 in |
| Product Height US | 7.241 in | Radius | 36 in |
