

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Material: Comercial quality steel

Finish: Mill Galvanized per ASTM A653 G90 or

Width (W): 6", 9", 12", 18", 24", 30", 36"

Height (H): 4", 5", 6", 7"

Specifications

General Info

Product Line	Cablofil	Finish	Pre-Galvanized GS
UPC Number	800388206199	Country Of Origin	Mexico

Dimensions

Product Width US	30.0 in	Product Weight US	67.17 lb
Product Volume US	4.167 cu ft	Product Depth US	20.0 in
Product Height US	12.0 in		

Buy American Act Compliance

BAA	Yes
