

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Material: Aluminum Alloy 5052 - H32

Finish: Plain

Height (H): Tray height: 4", 5", 6", 7"

Width (W): Tray width: 6", 9", 12", 18", 24", 30", 36"

Specifications

General Info

| | | | |
|--------------------|------------------------|-------------------|---------------------------|
| Product Line | Cablofil | Finish | Aluminum |
| UPC Number | 800388209497 | Country Of Origin | Mexico |
| Application Sector | Commercial, Industrial | Type | Covers, Horizontal Elbows |

Dimensions

| | | | |
|-------------------|-------------|-------------------|-----------|
| Product Width US | 26.004 in | Product Weight US | 2.271 lb |
| Product Volume US | 0.249 cu ft | Product Depth US | 33.049 in |
| Product Height US | 0.5 in | Radius | 36 in |
