

Cablofil Vertical Elbow Dividers

Part No. P319095

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Material: Aluminum	Each divider includes two self-drilling screws		
Specifications			
General Info			
Product Line	Cablofil	Finish	Aluminum
UPC Number	800388523579	Country Of Origin	Mexico
Application Sector	Commercial, Industrial	Туре	Vertical Other
Dimensions			
Product Width US	0.49 in	Product Weight US	1.294 lb
Product Volume US	0.094 cu ft	Product Depth US	12.219 in
Product Height US	27.019 in	Radius	36 in
Trade Programs			
ВАА	Yes
