

**Cablofil**  
**Peaked Cover Transition**  
Part No. P320192

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

## Features & Benefits

---

Material: Aluminum

## Specifications

---

### General Info

---

Product Line	Cablofil	Finish	Aluminum
UPC Number	800388523807	Country Of Origin	Mexico

---

### Dimensions

---

Product Width US	19.25 in	Product Weight US	0.748 lb
Product Volume US	0.086 cu ft	Product Depth US	3.0 in
Product Height US	2.58 in		

---

### Buy American Act Compliance

---

BAA	Yes
