

Cablofil Fitting Splice Kit

Part No. P322388

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Material: Aluminum Alloy 6063 - t6 Finish: Plain

Height (H): Tray height: 4", 5", 6", 7"

Torque: 19 - 25 ft-lbs

Specifications

General Info

| Product Line | Cablofil | Finish | Custom Painted |
