Ortronics

HDJ series White 24 port unloaded angled panel

Part No. PHAHJU24-W

These modular panels support rear loading of HDFM adapter panels, HDJ adapters and LMH cassettes. Available in 24, 48 or 72 port, in a black or white finish, and in high or standard density, these panels include a rear cable management bar with straps to support a clean and organized look. The construction of the panel is powder-coated steel and is designed for optimal performance. Customize these panels for each application with support for mixed media applications for copper and fiber, and even add individual 40/100G uplinks.

Features & Benefits

High density design: Maximizes use of rack/cabinet real estate.

Rear management bar and straps included: Supports good cabling practices.

HDJ jacks and adapters mount quick, easily and securely: Speed of install and reliability.

Specifications
