legrand®

Clarity® SNAPTM patch panels offer improved rear cable management with the addition of an adjustable depth rear management bar. The rear portion of these bars is also removable to provide more working room for the initial termination of panels. After cables are SNAP terminated, the rear bars are attached and adjusted to the depth that best matches the cable and rack selections.

Features & Benefits

Totally modular cabling system Dramatically faster deployment of horizontal cabling and port replication

High density design: Maximizes rack utilization.

Supplied rear cable management: Supports good cabling practices.

Specifications

General Info

Product Line	Ortronics	Color	Black
UPC Number	662875677680	Country Of Origin	Mexico
Application Sector	Commercial, Industrial	Warranty Type	5-Year
Type	Panel		

Dimensions

Product Width US	19.0 in	Product Depth US	7.25 in
Product Height US	1.75 in		

Additional Information

RoHS Compliant	Yes

Technical Information

Category Performance Rating	Cat6	Rack Units	1
Number of Ports	24	Shielded/Unshielded	Unshielded

Connector Type	SNAP	Wattage	100 W
Voltage	60.0 V
