

Pass and Seymour Heavy Duty Ground Continuity Monitoring (GCM) Connector, Black and White Part No. PSL515CGCM

Turnlok® GCM CONN 3-Wire 15A 125A

Features & Benefits

Integral indication of ground continuity and power status. Continuous monitoring enhances personnel safety and adds convenience.

NEMA configurations always visible for fast identification without disconnecting.

Chemical- and impact-resistant nylon housing features horizontal, easy-grip ribs on back body.

Recessed cord-grip screw reduces screwdriver slippage, improves safety. Quick-thread tri-drive assembly and cord-grip screws come backed-out and ready-to-wire.

Industrial-strength, brass alloy plug blades and connector contacts resist heat rise, provide excellent conductivity.

Dual, bright LED indicators with 360 degrees visibility. Green LEDs indicate proper ground continuity and power status. Red LEDs indicate ground continuity loss or reversed polarity. No LED indicates open hot, open neutral, or hot to ground cross. For 250V configurations: Hot to ground cross will be indicated by a green and red LED.

Exclusive neoprene dust shield on devices seals cable entry. Optional weatherproof boots (sold separately).

Exclusive, rugged two-piece cord grip (15 Amp only) accepts a wide range of cord widths. Provides uniform pressure for superior retention of conductors.

Color-coded terminal screws are backed-out for fast installation.
