

Pass and Seymour  
radiant® 20A Tamper-Resistant Self-Test GFCI Outlet with Night Light  
Part No. PT2097NTLTRI

The fastest-installing GFCI ever now conducts an automatic test every three seconds, ensuring it's always ready to protect. If the device fails the test, the indicator light flashes to signal that the GFCI should be replaced. It also has our proven SafeLock™ Protection feature: if critical components are damaged and protection is lost, power to the receptacle is disconnected. For detailed PlugTail information, visit our PlugTail Headquarters. For detailed Tamper-Resistant receptacle information, visit our Tamper-Resistant Receptacles page.

## Specifications

### General Info
