

The Qbasic+ system offers a unique premium manual shade experience that can be upgraded to motorized in minutes, without the need of changing fabric or major bracket reinstallation. Perfect for managing to a client budget, the field upgradeability of Qbasic+ allows for a combination of manual and motorized shades on initial installation, so that full automation can be done at a preferred time on a window-by-window or room-by-room basis.

Features & Benefits

Whisper-quiet motors for silent operation

Patented manual override feature allows for hand operation without damage to motors

Field - upgradable to motorized (battery or hardwired)

Integrate with popular automation systems

Specifications

General Info

Product Line QMotion

Application Sector Residential

Dimensions

Maximum Product Width 120 in

Maximum Product Height 120 in

Additional Information

Product Has Potential to Contribute to LEED Yes

Technical Information

Has Battery Yes

Voltage 24 V

Battery 3 AAA batteries
