

Wiremold
RC7 Multi-Service Poke-Thru Device Slide Holder Assembly
Part No. RC7SHTCBK

Flush Style Poke-Thru Devices are an excellent solution for bringing power, communication, and A/V services to the workstation in an open space, above-grade floor environment. All Wiremold Flush Style Poke-Thru Devices come with built-in TopGuard™ protection, an industry-leading design that meets and exceeds UL scrub water exclusion requirements for tile and carpet floors. Topguard protection prevents water, dirt, or debris from entering not just the power devices, but also the communication devices. All Wiremold Flush Style Poke-Thru Devices can be installed on tile, carpet, or wood covered floors. Each of these devices provides an excellent solution for both new or retrofit construction, with typical applications that include office buildings, airports, malls, shopping centers, libraries, and schools.

Features & Benefits

Nonmetallic slide holder assembly. Available in black (BK), gray (GY), ivory (VY), nonmetallic brass (BS), and nonmetallic aluminum (AA). Assembled with scrub water gasket. For use on tile or carpet floors.

Specifications
