Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection.

Self-calibrates when you select your fixture's lighting type, automatically setting the appropriate minimum voltage to eliminate flicker and poor performance.

Locator light illuminates when switch is off, emitting a soft glow to help you find it in the dark.

No derating\* required in multi-gang applications. \*Reducing the maximum wattage a dimmer can handle. This is sometimes required for multi-gang applications.
