Upgrade your space with precise dimming control and exceptional style, with this dimmer designed for use with most compact fluorescent and LED dimmable bulbs (not for use with 0-10V options). Part of the radiant® Collection, it also features clean lines and smooth control for a sophisticated touch. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

### Features & Benefits

- **Replaces any basic switch or dimmer with ease, in both single-pole and 3-way applications.** Rated for use with the following dimmable bulb types: 450W LED, CFL, 700W Incandescent, or 120VAC, 60Hz.
- **Low-profile paddle switch offers smoother On/Off control, while a separate, ergonomic slider allows you to adjust light levels with precision.**
- **Locator light illuminates when switch is off, emitting a soft glow to help you find it in the dark.**
- **Adjustment dial allows users to adjust the bottom of the dimming range for a broad selection of CFL and LED bulbs.**
- **Constant memory features returns lights to their previous level after a power failure or outage.**
- **No derating* required in multi-gang applications.** *Reducing the maximum wattage a dimmer can handle. This is sometimes required for multi-gang applications.
- **Features durable, high-impact resistant thermoplastic construction.**
- **More color options available to fit any style, including finishes to match current hardware and lighting trends.**
- **Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection.**

### Specifications

**General Info**

- **UPC Number:** 785007053487
- **Color:** White, Light Almond, Ivory
- **Countries Of Origin:** China
- **Product Line:** Pass & Seymour
- **Application Sector:** Residential
- **Type:** Dimmer
- **Standard:** CSA Listed, cULus, UL Listed

**Listing Agencies / 3rd Party Agencies**

- **cULus Listed:** Yes

**Technical Information**

- **Wattage:** 450 W
