Legrand
radiant® SSL 7A LED Dimmer
Part No. RHL743PTC

Upgrade your space with precise dimming control and exceptional style. This dimmer from the radiant® Collection is optimized for use with LED bulbs and fixtures compliant with the SSL 7A standard for energy efficiency. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

SSL 7A Compliant, this dimmer is for use with LED bulbs and fixtures also designed to the SSL 7A standard for efficiency. For use in both single-pole and 3-way applications.

Low-profile paddle switch offers smoother On/Off control, while a separate, ergonomic slider allows you to adjust light levels with precision.

Locator light illuminates when switch is off, emitting a soft glow to help you find it in the dark.

Constant memory features returns lights to their previous level after a power failure or outage.

No derating* required for 2-gang applications. *Reducing the maximum wattage a dimmer can handle. This is sometimes required for multi-gang applications.

Features durable, high-impact resistant thermoplastic construction.

More color options available to fit any style, including finishes to match current hardware and lighting trends.

Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection.
