

Wattstopper 4 Inch In-Wall Touchpanel Keypad w/control processor Part No. RTI-KX4

The RTI-KX4 is a 4" LCD capacitive touchscreen that allows for simple control of complex spaces ideal for office spaces, educational facilities, and health care spaces where multiple zones of control exist. The professional, predefined screen options provide whole room, lighting, shading, and/or scene control from a single control station. By connecting to the DLM Serial Data Interface (LMDI-100), the RTI-KX4 can control the connected DLM room, as buttons may be configured to command any of the LMDI-100's supported actions.

Features & Benefits

Multiple screen display options for control of scenes, lights, and/or DLM shades.

Control multiple lighting scenes for multi-purpose spaces

Simple, single button control of the entire space at entry with the room button

Supports up to 5 scenes, 5 light groups, and 1 shade group

Elegant graphical interface provides a premium control experience

Five physical buttons provide optional, quick access to common actions

Proximity and light sensors automatically wake the screen as a user approaches and adjusts the screen's brightness

Customizable text allows for space-specific labeling

Specifications

General Info

Product Line	Wattstopper	UPC Number	810064991158
--------------	-------------	------------	--------------

Warranty Type	3-Year
---------------	--------

Dimensions

Product Width US	7.0 in	Product Weight US	1.45 lb
------------------	--------	-------------------	---------

Product Volume US	183.97 cu in	Product Depth US	7.25 in
-------------------	--------------	------------------	---------

Product Height US	3.5 in
