

Legrand Commercial Teleshade (TS) series is a configured shade cassette that provides easy to install shades with enhanced features. The shades and large selection of fabric options provide glare control and allow occupants to access daylight and views. The TS system is also offered as a motorized solution and allows for a complete product solution for any shading project.

### Features & Benefits

- Consistent aesthetics and function to match TS series motorized shades
- Chain options include left or right operation or both and a chain diverter option
- Aluminum tubes ensure no rust stains on the fabric from high humidity locations

- Unique counter balance clutch provides smooth operation, a lighter lift, and manual tug control
- Crank operation option available

### Specifications

#### General Info

Product Line Shading Systems

Application Sector Commercial

#### Dimensions

Maximum Product Width 129 in

Maximum Product Height 200 in

#### Additional Information

Product Has Potential to Contribute to LEED Yes

#### Technical Information

Has Battery No
