

Pass and Seymour
Three-Gang Recessed TV Box Kit, White
Part No. TV3WTVSSW

Allows for snug-to-wall placement of your flat-screen TV and handles up to 12 multimedia connections, while the surge-protective outlet protects costly electronics from potentially damaging surges. Kit includes surge-protective duplex outlet, Cat 5e jack, F-connector, blanks and wall plates.

Features & Benefits

Clean, flush-mount appearance: snap-on end caps hide mounting screws.

Low-voltage connectors offer both terminated and pull-through capability, so plugs and multimedia connections stay recessed behind the surface of the wall.

Accepts standard TP wall plates.

Uses old-work-style boxes for line voltage.

Flexible: position either line voltage or low-voltage in all three openings.

Molded-in template and rectangular cut-out.

Metal swing brackets ensure a solid mounting.

Accepts all P&S keystone low-voltage connectors, including Cat 5e and F-Connectors (both supplied with TVSS kit), as well as RCA and audio binding posts.
