

Ortronics
Adapter Panel, UHD7, 3 LC Quad, 12 fiber, Green, Aqua
Part No. UHD7FP-LCQ12LC

The Infinium Ultra High Density (UHD) fiber enclosure system features the highest density in the industry and is perfect for fiber patching applications. Available with sizes from 1RU to 4RU, with a cable management tray in the back of the enclosure, it is the perfect solution for managing and protecting fiber connections. The enclosure accepts UHD adapter panels and M7 cassettes, both with a base 12 or base 8 fiber configuration.

Features & Benefits

Front or rear loadable and removable
