

Ortronics
M7 Fiber Adapter Panel with 4 MPO Adapters - Aqua
Part No. UHD7FP-MPA32LA

The Infinium Ultra High Density (UHD) fiber enclosure system features the highest density in the industry and is perfect for fiber patching applications. Available with sizes from 1RU to 4RU, in a black or white finish, with a cable management tray in the back of the enclosure, it is the perfect solution for managing and protecting fiber connections. Concise format enclosures do not include the rear cable management tray and are ideal for stacking above a standard enclosure—simplifying cable management between those enclosures. The enclosure accepts UHD adapter panels and M7 cassettes, both with a base 12 or base 8 fiber configuration.

Features & Benefits

Ultra High Density

Max # of fibers per RU (12F MPO) - 576

Max # of fibers per RU (24F MPO) - 1,152

Front or Rear loadable

Front or Rear Removable
