

Ortronics
Clarity 6 VoIP Modular Patch Cord, 15', white
Part No. VC615-09

Legrand® VoIP patch cords provide an extra low-profile Clarity plug at one end to address cable bend requirements when plugging into the bottom of an IP phone set. The other cord end offers the full protective attributes of the Paralign™ 2 plug.

Features & Benefits

Works well with VoIP phones that have limited bend radius under phone

Specifications
