

Wiremold  
WD 6IND STL SFC ACCESS CPLT  
Part No. WD06-ACPS

Wallduct is commonly used in the healthcare market to feed wires and cables from electric and communication cabinets to X-ray and MRI equipment. See typical application shown. Because some healthcare equipment requires nonmetallic material in the surrounding area, aluminum Wallduct is used in scan rooms. The equipment and control rooms generally use steel Wallduct.

## Specifications

### General Info

Product Line	Wiremold	UPC Number	786564000082
Country Of Origin	United States		

### Listing Agencies / 3rd Party Agencies
