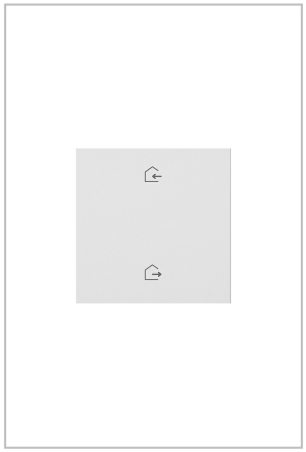
adorne Collection

# adorne® Home/Away Wireless Smart Switch with Netatmo, White

Part No. WNAL33W1



Use this battery-operated smart switch to control the Home/Away full lighting scenes with one touch. Place by a front door, or the door to the garage, to turn lights on/off as you come or go. Add to any wall, no wires or tools needed, then create/edit the scenes easily within the app. Smart Lighting lets you set the exact lighting you need, from anywhere, adding safety and convenience to your home. And delivering it all with unprecedented range and reliability, adorne® with Netatmo leverages leading Netatmo technology to provide an ideal solution for larger homes with many smart products. Start with the Smart Gateway to establish a robust and dedicated mesh network, then add smart switches, dimmers and outlets to build a solution that perfectly fits a home's unique space and needs. Made exclusively for use with Wall Plates from the adorne® Collection, sold separately.

## Features & Benefits

Smart Gateway REQUIRED. For use in conjunction with wired Smart Switches, Dimmers and/or Outlets with Netatmo.

Installs easily, without wires or cutting, for ultimate flexibility. Simply mount to any wall for long-lasting, battery-powered control.

Part of the adorne with Netatmo solution, which flexibly fits a home's unique needs with a variety of supported smart switches, dimmers and outlets (including other wireless switches and dimmers).

Compatible with other smart products through Amazon Alexa, Google Assistant and Apple HomeKit, as well as with home automation systems.

Complete the look with a stunning, screwless adorne® Wall Plate, not included. Available in a range of contemporary colors and finishes. Coordinate with other designer switches & outlets.

Provides one-touch control of Home and Away lighting scenes. Place by your home's main entrace to easily turn a group of lights on when you arrive home, or turn them off before you leave.

Create and manage scenes (up to 8 per system, including Home/Away and Wake/Sleep) using the Legrand Home + Control app.

Features ultra-reliable performance through a robust and dedicated mesh-network. (Established by the Smart Gateway.)

More color options available to fit any style, including finishes to match current hardware and lighting trends.
