

On-Q  
PWR SUPPLY INSERT GY (M20)  
Part No. WP9000GY

□

The Power Supply In-Wall Extension Kit allows for code compliant installation of most wall mounted low voltage products that require an external power supply. The kit allows power supplies to connect at receptacle height in the wall with a keystone ada

## Features & Benefits

---

Code compliant in-wall extension of power to low voltage devices

Keeps power supplies out of sight and cables concealed in the wall

Use with power supplies up to 48vDC at 100 watts

Supports all low voltage power supplies and connection types

Supports LED accent lighting kits
