Smart Outdoor Wi-Fi Switch with GFCI
Part No. WWP30CCV2

Take comfort in the convenience of controlling your lights from any smart device, from anywhere. The Smart Outdoor Switch with GFCI enables you to control your outdoor lights from any smart device. Or, just ask Alexa or Google to turn the lights on for you. Made for use in outdoor areas, and featuring built-in ground fault protection for superior safety, this plug-in switch brings smart control out to your deck, patio or poolside. Combining classic design and advanced functionality with simple connection among existing smart home solutions using your home's wireless network, Smart Lighting from the radiant® Collection sets the exact lighting you want – when and where you need it.

Features & Benefits

Control outdoor lights from smart phones and tablets with the Smart Lights app. Even schedule lights to turn on/off automatically, create groups or set scenes.

Powers up to three outdoor lights or devices simultaneously.

Installs easily, no wiring required. Simply plug in to an existing electrical outlet.

Protects against shock caused by ground-fault occurrences. Unlike breaker alternatives, GFCI protection at the device make it easier to fix trips with a convenient reset button.

Designed with weather-resistance for use in outdoor locations such as decks, patios and pool areas. *Must be installed in weatherproof enclosure per NEC requirements.

Works with a home's existing secure Wi-Fi network (WPA2) and connects easily with other smart devices.

Perfect for holiday lights, pond pumps and other outdoor power needs.

Just ask Amazon Alexa or Google Assistant to turn on the outlet.

First of Smart Outdoor device to offer the safety protection of GFCI for added peace of mind.
