Smart Switch with Zigbee 3.0
Part No. WZ3RL10NI

Elevate every experience with Smart Hospitality Solutions by Legrand. Usable on its own or combined with Legrand's complete Smart Hospitality offering, this Smart Switch lets you select custom settings behind-the-scenes to automate and adjust a room's lighting, enhancing the guest experience while also helping you manage energy and cost. As part of Legrand's collections of designer switches and outlets, the Smart Switch with Zigbee 3.0 pairs its advanced functionality with exceptional style, to further set your brand apart.

Features & Benefits

Automatically turn lights on or off, perfect for enhancing guest comfort and managing energy usage.

Pair with Smart Motion or Door Sensors with Zigbee 3.0 to create scenes based on occupancy levels.

Integrate with the Smart Thermostat with Zigbee 3.0 Hub and other devices for a complete Smart Hospitality Solution.

Locator light illuminates when switch is off, emitting a soft glow to help you find it in the dark.

Supports multiple load types such as LED, incandescent, electronic, inductive and 1/2 HP motors

Compatible with Zigbee 3.0, and the older Zigbee 1.2HA standard. Also IEEE 802.15.4 compliant.

Replaces any standard switch with ease. (Neutral wire required.)

Uses a paddle switch for smoother control with a low-profile aesthetic.

More color options available to fit any style, including finishes to match current hardware and lighting trends.

Complete the look with a sleek, screwless wall plate from the radiant® Collection.
