WIREMOLD®

Pop Up Tower

Recesses into furniture when not in use and pops-up when needed.

Concealed Power and Charging Access

The Pop Up Tower allows for convenient access to power and charging while remaining hidden when not in use. The top cap of the tower pops up when pushed in and can be pulled up and locked in the open position, revealing two tamper-resistant outlets, a USB-A port and USB-C port. The USB ports share a combined total output of up to 15W for charging of small electronic devices.

When finished with charging, the pop up tower can be pushed back down into the surface once the lock is released at the base of the unit.

Features & Benefits

- **Easy Installation.** Core a hole into furniture to add this pop up outlet and plug the 6 ½ foot cord into a nearby outlet
- **Tamper-Resistant Outlets.** Includes 2 tamper-resistant outlets rated at 15A, 125 VAC
- **USB Charging.** The pop up tower comes equipped with 1 USB-A port and 1 USB-C port with a total combined output of 15W at 3.1A
- **Declutter Your Space.** Outlets and USBs stay hidden under the surface when unit is not in use and can be brought-up by simply pushing the top cap and pulling the unit up
- **RoHS, Prop 65 compliant.**
