# GO WIREWAY SPEC GUIDE

Installs on top of any flooring surface

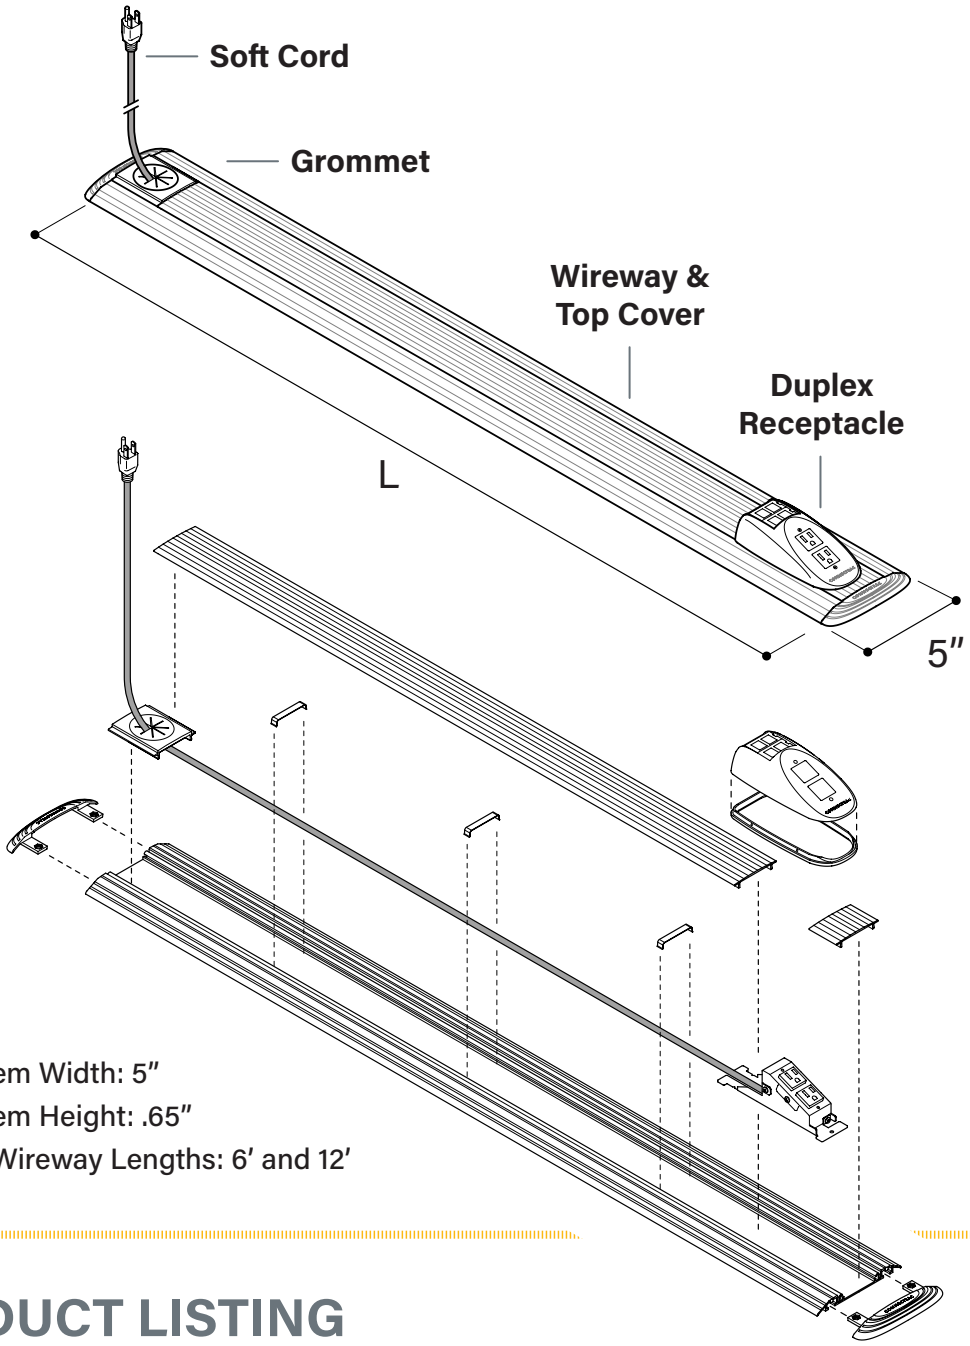
## It's as Easy as Place, Plug, GO!

The GO Wireway provides pluggable power and data cable management and installs on top of any flooring surface. It plugs directly into any existing wall outlet, allowing connectivity to easily move or change as needed.

### Features & Benefits

- **Perfect for conference rooms, lecterns, desks, and more**
- **Accommodates a single power/data point with a single circuit**
- **Includes 2 power outlets, 4 data ports, and low-profile transition ramps**
- **Available in 6' and 12' lengths**
- **Tested to UL standards 962A in US and C22.2 #21 in Canada**

# COMPONENTS



Total System Width: 5″
Total System Height: .65″
