# WATTSTOPPER® PLUS SYSTEM

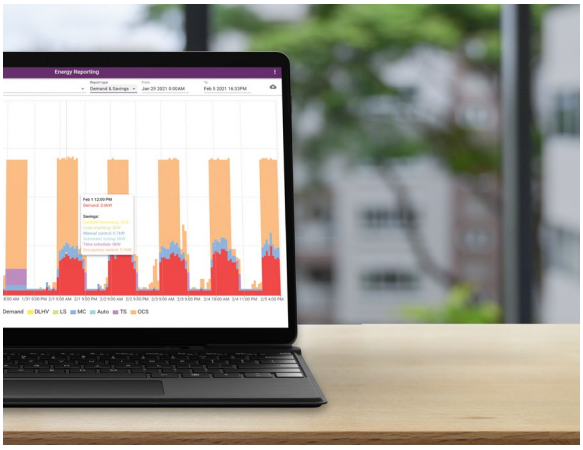
## with Encelium Technology

## POLARIS™

### Bring Visibility & Control to the Wattstopper PLUS System

Polaris software is at the core of the Wattstopper PLUS system — empowering facility managers. Our advanced Polaris Monitor software is intuitive and easy to use thanks to new workflows, multi-device access, and other enhancements. Polaris is designed featuring:

- **Easy Navigation**
- **Information at a Glance**
- **Troubleshooting to Go**
- **Readily Available Insights**



## POLARIS™ MONITOR

Designed specifically for facilities managers, our advanced Polaris Monitor software is intuitive and easy to use. It serves as the day-to-day window into all aspects of the Wattstopper PLUS system, enabling you to monitor conditions, get insights, and make any necessary changes — quickly and easily.

## POLARIS™ CONFIG

Configuration is the first step towards your complete Wattstopper PLUS light management system. We recognize its importance with Polaris Config, special software that helps make the process faster and easier. Once the system is configured, the initial work of Polaris Config is done. When you're ready to enhance or expand your system, Polaris Config is ready to help.
