CHANNEL MORE PRODUCTIVITY.

Transition Channel

Transition Channel to OFR Series Overfloor Raceway

InteGreat™ Cable Management & Transition Channel

Now you have the technology to manage any meeting room with next level efficiency and organization. Introducing the InteGreat™ Cable Management and Transition Channel, part of Wiremold® Meeting Room Solutions.

Cable Management and Transition Channel are designed to better organize and retain cords and cables while providing maximum accessibility. So now bringing power, communications and A/V from the building infrastructure to the point-of-use can be safe, discreet and easily configurable. Experience fully integrated meeting room solutions that work with a full range of Wiremold pathway solutions.

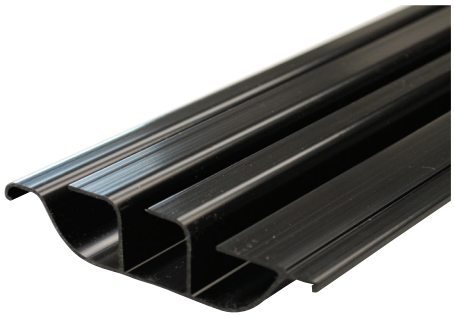
All of which suggests that InteGreat cable management and transition channel is the only choice you need to satisfy your meeting room needs today and tomorrow.

InteGreat™ Cable Management

Easy-to-cut to length allows you to adapt to a variety of table lengths for quick and easy installation.

Sleek, stylish room aesthetics with tangle-free, clutter-free cord and cable management.

Easy installation adapts to the underside of the table with no special tools required.



UTCM5

Hassle-free maintainability and configurability with the least disruptions, thanks to designed-in retaining dividers.

Attractive, durable construction in black nonmetallic.

Totally compatible with InteGreat Transition Channel.

InteGreat™ Transition Channel

Quick and easy installation with no special tools required.

Sleek, stylish room aesthetics with tangle-free, clutter-free cord and cable management.

Easy ordering and installation with one kit that contains everything you need to complete your installation.

MRTC

Hassle-free maintainability and configurability with the least disruptions, thanks to an easy opening boot and channel.

Attractive, durable construction features aluminum and black nonmetallic.

Seamless synergy as InteGreat Transition Channel easily mates with Wiremold® Poke-Thru Devices and OFR Series Overfloor Raceway.
