

ON-Q

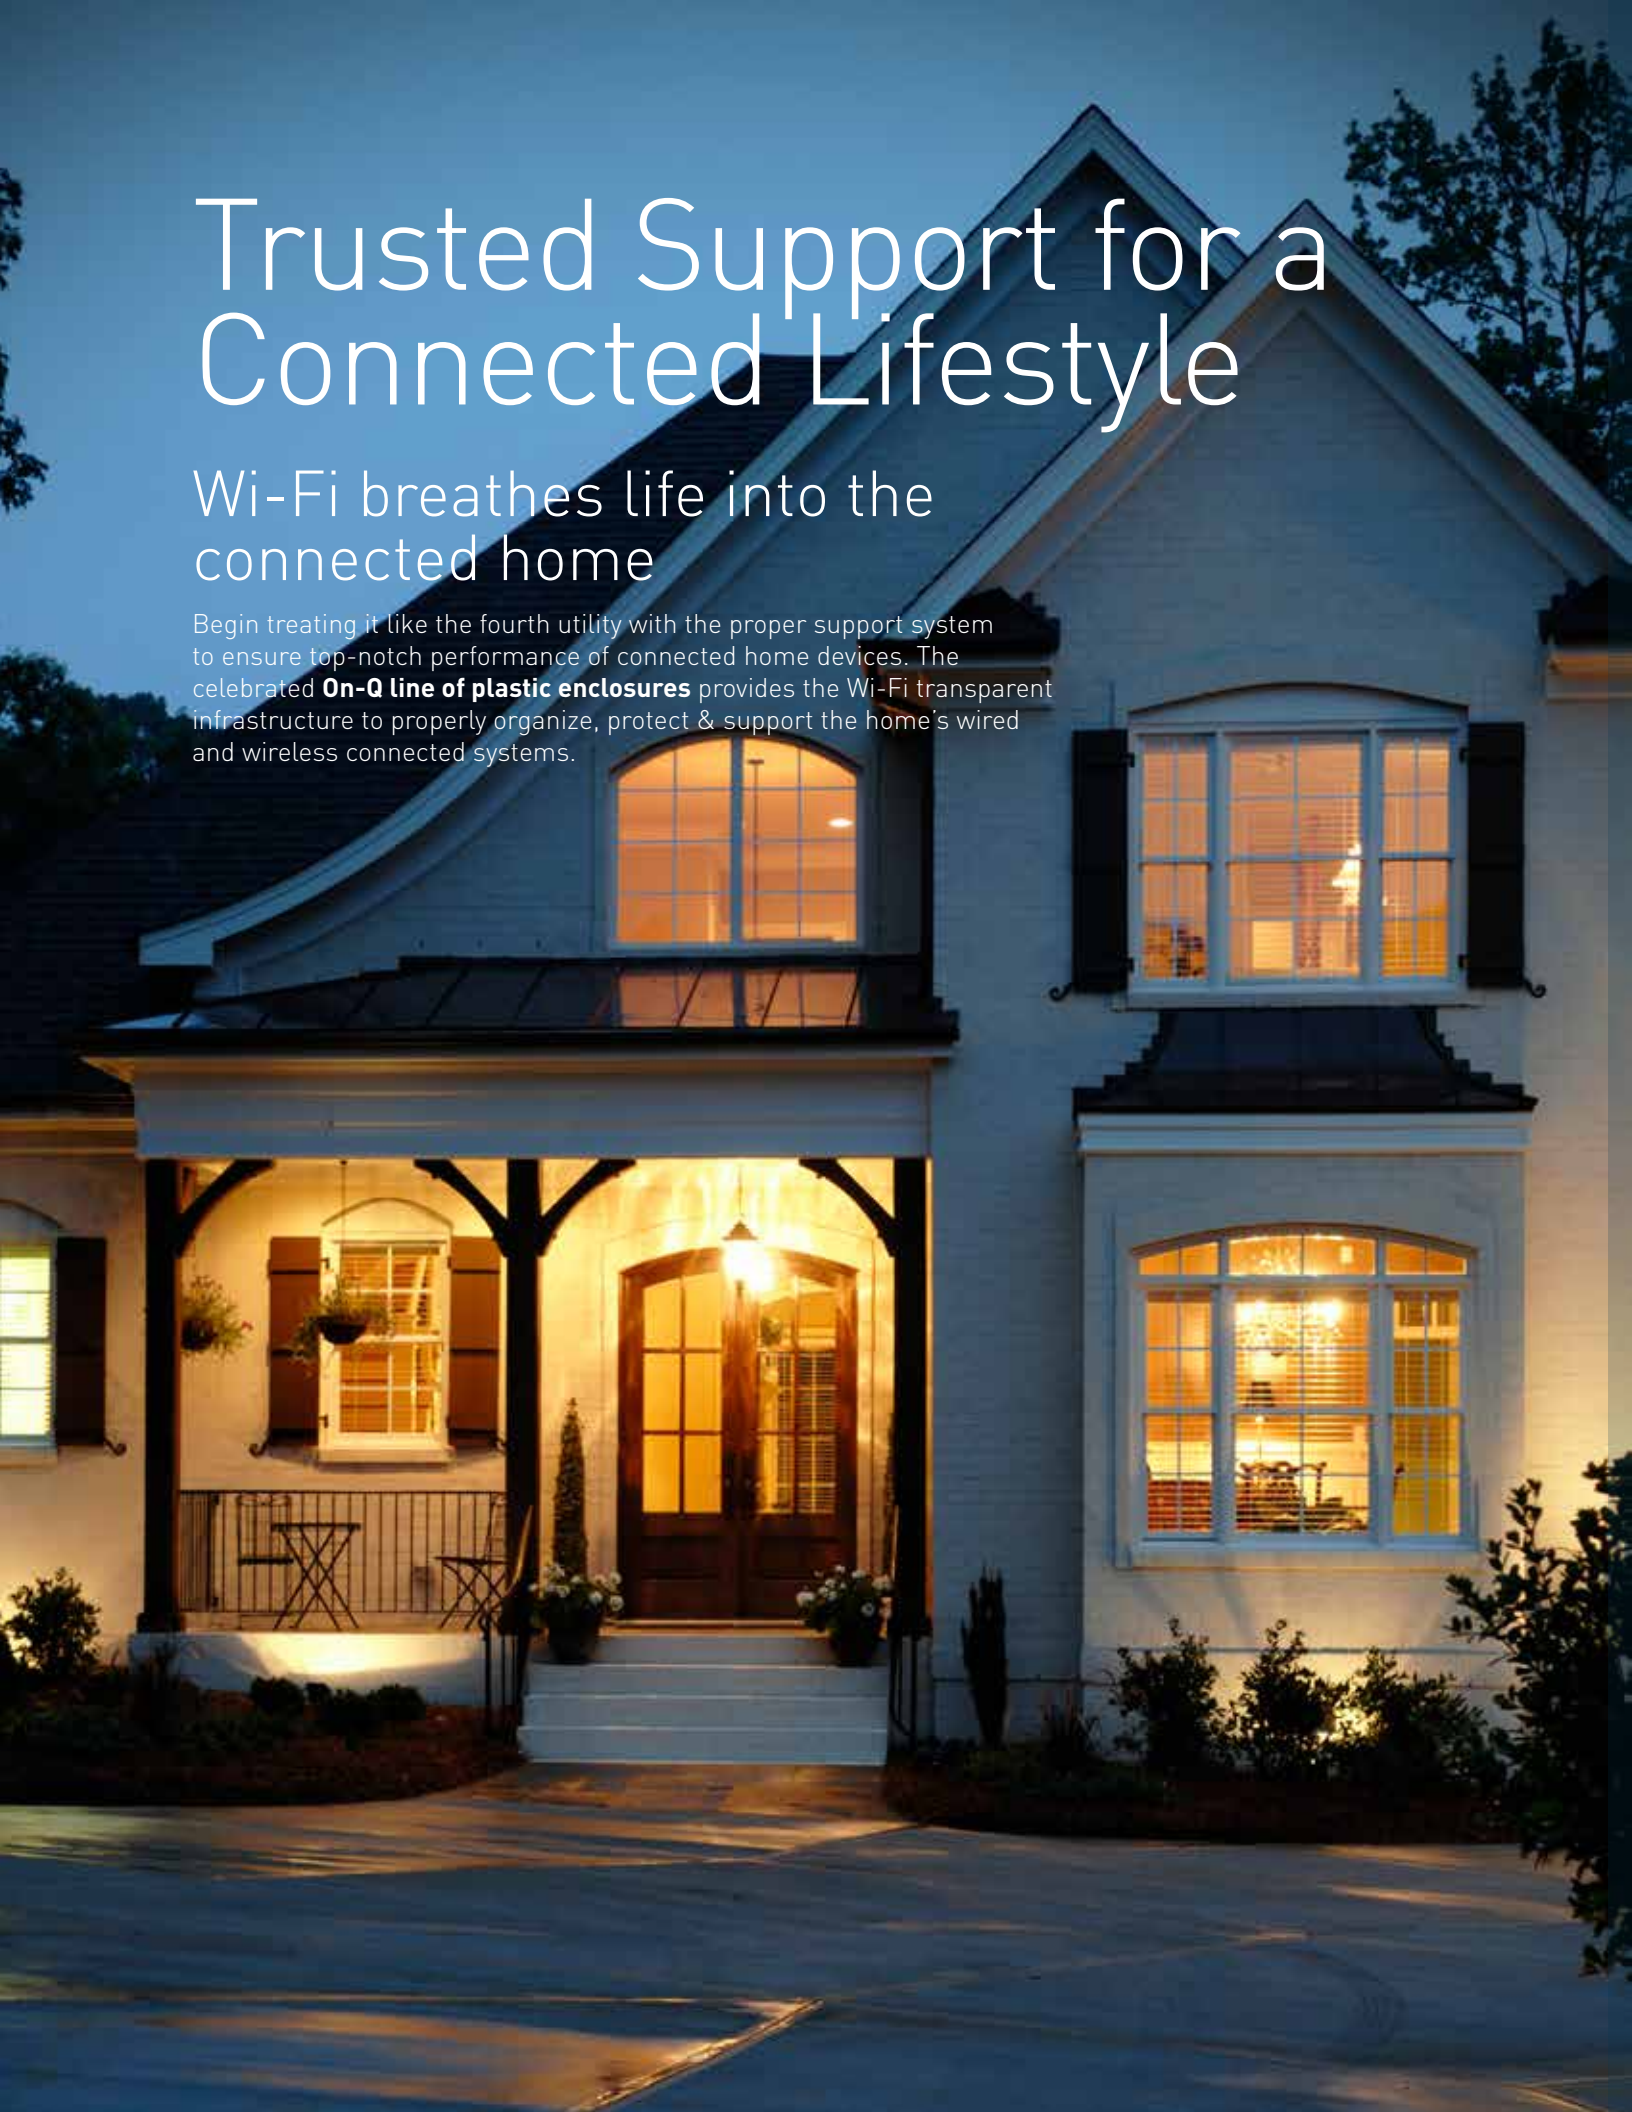

Enhanced Plastic Enclosures

Trusted Support for a Connected Lifestyle

Wi-Fi breathes life into the connected home

Begin treating it like the fourth utility with the proper support system to ensure top-notch performance of connected home devices. The celebrated **On-Q line of plastic enclosures** provides the Wi-Fi transparent infrastructure to properly organize, protect & support the home's wired and wireless connected systems.

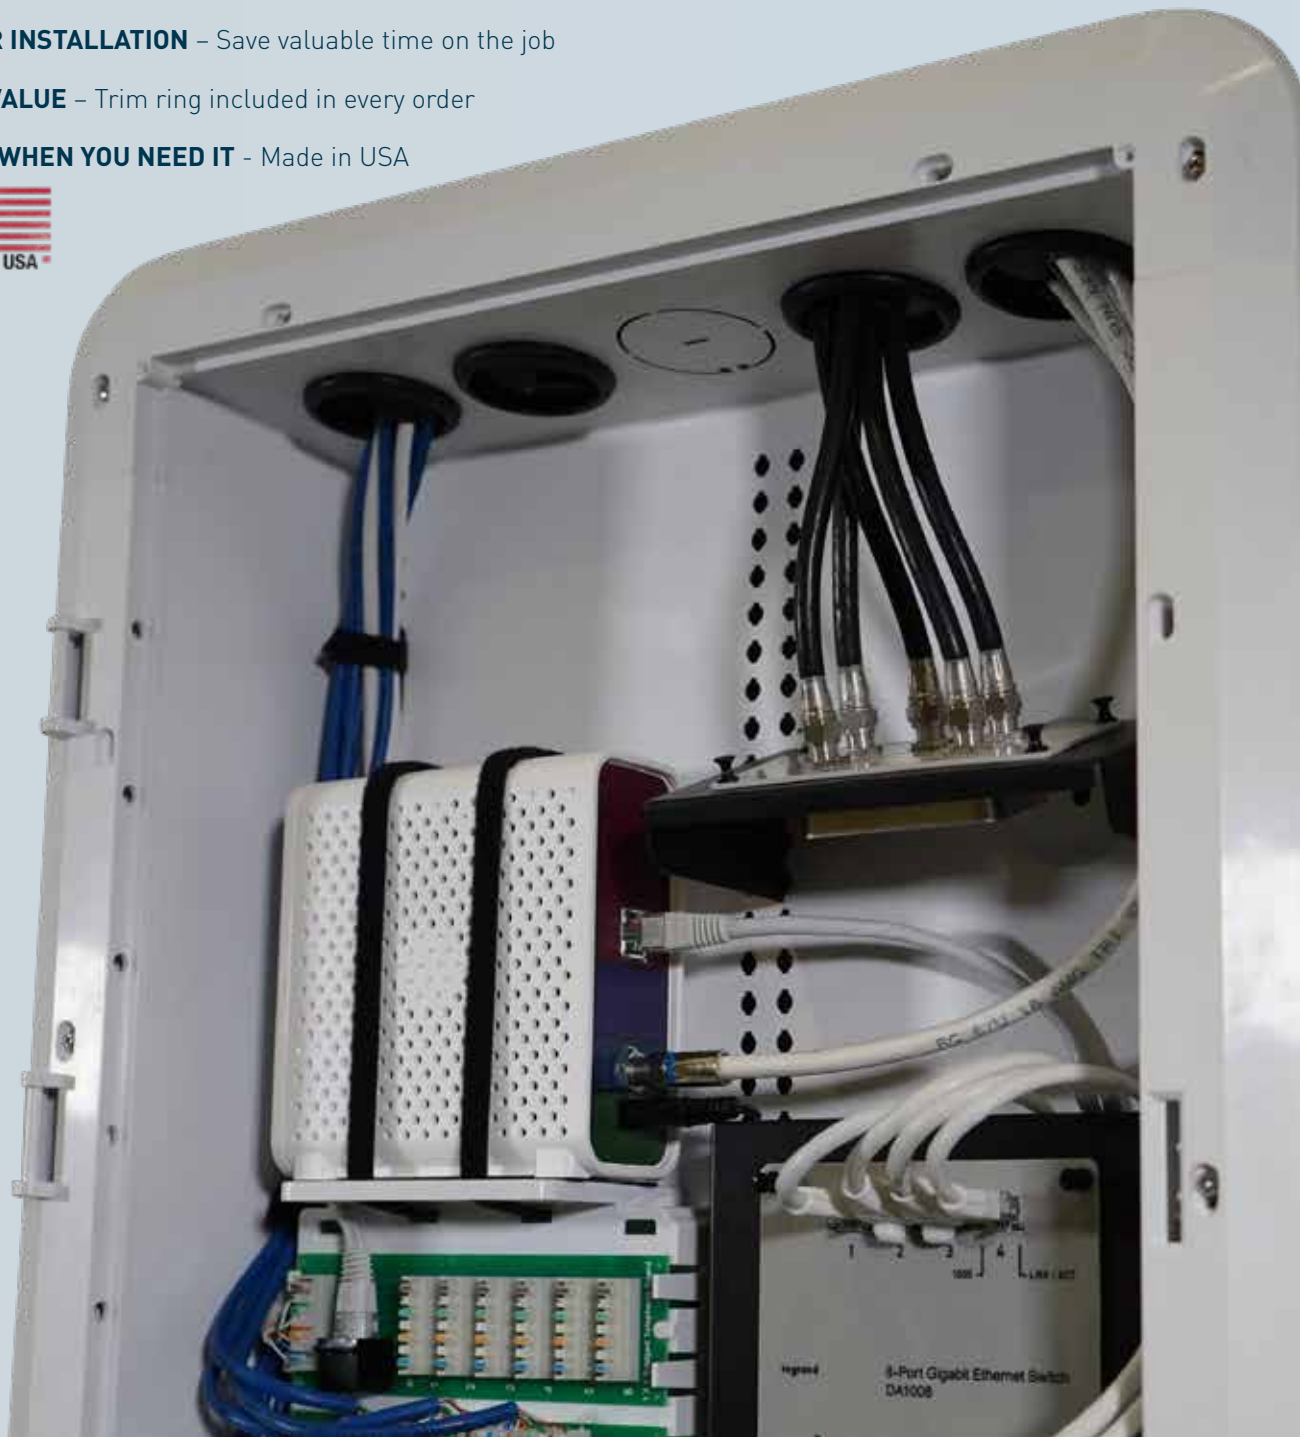

The Backbone of the Connected Home

It all starts with the enclosure.

USA-made and Wi-Fi ready, our all-new plastic enclosures continue to lead the industry with evolved features and enhancements, making it faster and easier than ever to consolidate, organize and distribute both wired and wireless services, from voice and video to data, without interruption. Learn more at legrand.us/plastic-enclosures.

- **FASTER INSTALLATION** – Save valuable time on the job
- **MORE VALUE** – Trim ring included in every order
- **THERE WHEN YOU NEED IT** - Made in USA

A Solution for Every Project

WITH VERSATILE ENCLOSURE OPTIONS

- 3 different enclosure sizes to accommodate any type of home
- Convenient 5-pack models that stack to save room & shipping costs
- Replacement trim ring available in case of misplacement

20" Plastic Enclosure with Hinged Door & Trim Ring

ENP2050-NA

- Ideal for smaller footprint homes
- Includes space for basic connectivity
- UL-listed and made with wireless transparent ABS plastic

AVAILABLE MODELS

ENP2050-NA

20" Plastic Enclosure with Hinged Door & Trim Ring

ENP2060-NA

20" Hinged Door & Trim Ring

ENP2080-NA

20" Plastic Enclosure Only

ENP2001-NA

20" Trim Ring - **For Replacement Only**

30" Plastic Enclosure with Hinged Door & Trim Ring

ENP3050-NA

- Our most-popular model, ideal for single family and production homes
- Low-profile, but includes space for key connectivity configurations and future installations
- UL-listed and made with wireless transparent ABS plastic

AVAILABLE MODELS

ENP3050-NA

30" Plastic Enclosure with Hinged Door & Trim Ring

ENP3060-NA

30" Hinged Door & Trim Ring

ENP3080-NA

30" Plastic Enclosure Only

ENP3001-NA

30" Trim Ring - **For Replacement Only**

Available in 3 Size Ranges

42" Plastic Enclosure with Hinged Door & Trim Ring

ENP4250-NA

- Ideal for custom homes that require several different modules
- Optimal space also provides extra room for future installation components
- UL-listed and made with wireless transparent ABS plastic

AVAILABLE MODELS

ENP4250-NA

42" Plastic Enclosure with Hinged Door & Trim Ring

ENP4260-NA

42" Hinged Door & Trim Ring

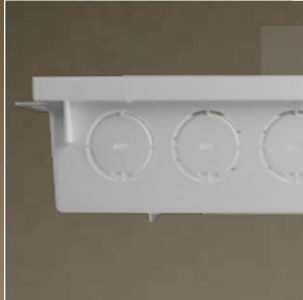

ENP4280-NA

42" Plastic Enclosure Only

ENP4201-NA

42" Trim Ring - **For Replacement Only**

Enhanced Features

Cable Management Knockouts

Top knockouts allow for simple on-site installation and easy management of cables running to the enclosure. Bottom knockouts enable installation of surge or AC outlets to power active devices. Include screwdriver holes for easy removal.

Tool-less Hinged Door

New reversible hinged door snaps quickly and easily into place without the use of tools. Swings 180 degrees for optimal installation space.

Integrated Trim Ring

Each enclosure model includes a trim ring for FREE. Integrated with the hinged door, the trim ring conceals messy drywall cutouts to achieve a clean, professional look.

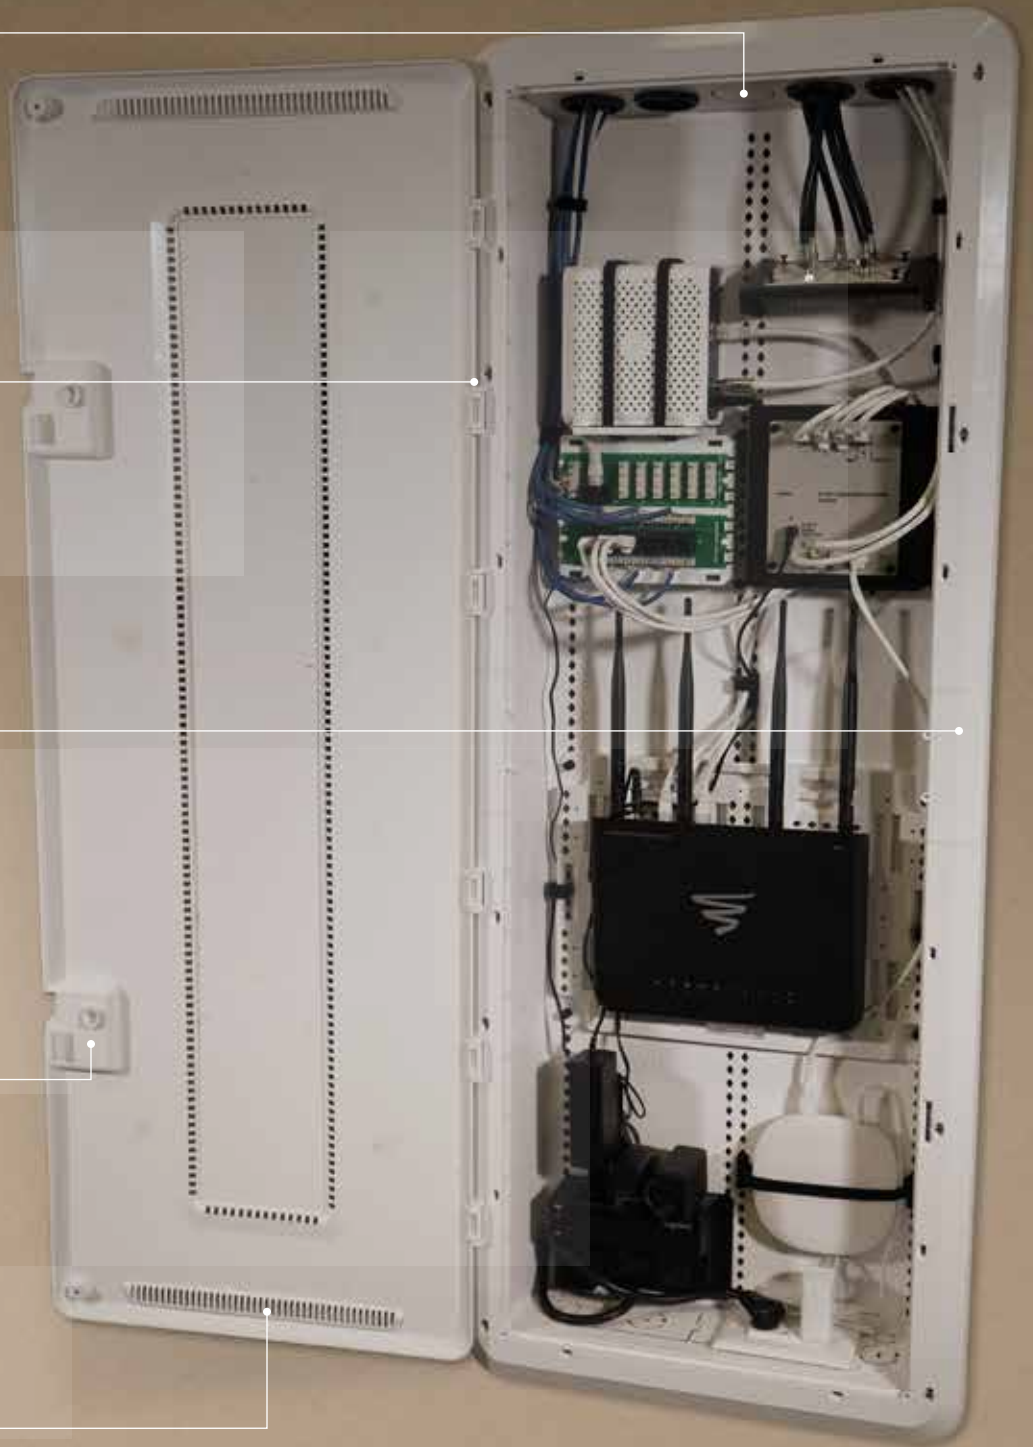

Security Options

Hinged door includes a knockout to install the compatible key and lock option. This option is ideal to keep components safe in-between drywall installations and before commissioning.

Thermal Management

Extra venting on door allows for superior heat dissipation, ensuring longevity and reliability of components inside

Beyond the Hardware

On-Q and associating Legrand brands provide the key configurations that populate enclosures and bring life to the home.

Trio Combo Module with Cat5e Data (C01156)

Designed to distribute video (Coax), voice (Telephone) and data (Ethernet) services from a single compact structured wiring module throughout the home.

8-Port Gigabit Switch (DA1008)

Designed to meet the needs of today's bandwidth-intensive networking applications. After a plug and play installation, it is capable of transmitting gigabit-speed Ethernet through the network.

Luxul Epic 3 Router (XWR-3150)

Our AC1040 mounting bracket secures the Epic 3 gigabit wireless router by Luxul, a brand of Legrand. The Epic 3 with Domotz represents the latest in Wi-Fi technology and remote management for a superior Wi-Fi experience.

Half-Width Enclosure Power Strip (AC1031)

This spaghetti nest eliminating power strip includes six AC power receptacles to connect power supplies in the enclosure.

Surge Protected Duplex Power Kit (364569-02-V1)

This surge protected outlet kit is the power source of devices mounted in the enclosure. It is designed to mount in the rectangular knockout location at the bottom of the enclosure. The audible alarm signals when surge protection has expired. Connect with the AC1031 to add six AC power outlets in the enclosure.

Have your cables, and organize them too

Fiber Management Spool

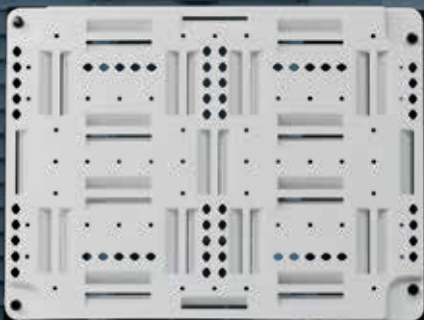

AC1041

Fiber Management Spools are designed to neatly organize and manage fiber or category cable within the enclosure. The half-round design and hole spacing allows for both horizontal (full or half width) and vertical installation.

Rubber Grommets

AC1034

2" rubber grommets fit perfectly inside the top knockout of each size enclosure for added protection while running wires and to meet local jurisdiction requirements. Available in packs of 5.

Universal Mounting Plate

AC1040

Universal mounting plate is Wi-Fi transparent and designed to securely mount a variety of 3rd party devices in the enclosure.

Cable Management Clips

AC1035-20

Available in packs of 20, these low-profile cable management clips harness messy wiring and keep cables in place in the enclosure. Able to withstand 20 lbs, the clips easily mount with the included plunger/grommet piece.

Key & Lock

364478-01

Key and lock installs into key knockout located on hinged door. Secure components inside enclosure until commissioning.

Combat Cable Overload

WITH QUALITY CONNECTIONS COMES EXCESS CABLES AND WIRING, WHICH CAN LEAVE AN INSTALLATION LOOKING MESSY AND PROVIDE CHALLENGES FOR PROPER CABLE ACCESS AND ADJUSTMENT. ON-Q'S AVAILABLE ENCLOSURE ACCESSORIES COMBAT THOSE INSTALLATION HEADACHES AND LEAVE A CLEAN, ORGANIZED AND IMPRESSIVE-LOOKING RESULT.
