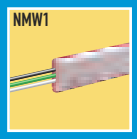
SURFACE WIRING

NONMETALLIC RACEWAY

On-Wall Wiring

Add or extend power, phone, or data lines.

Wiremold Nonmetallic Raceway features a sleek profile and easy to install design, making this a perfect solution for do-it-yourself installations. Great for adding power or communications to rec rooms or home offices. Paintable.



60" L x 1 5/16" W x 7/16" H
1524mm L x 33mm W x 11.1mm H

TOOLS YOU'LL NEED:

- Standard and long-nose pliers
- Standard and Phillips head screwdrivers
- PVC cutter or fine tooth hacksaw
- Tape measure • Wire snips • Utility knife

NONMETALLIC RACEWAY parts checklist:

Wire Channel
Carries wire from starter box to downstream outlet boxes, switches, and fixtures.
NMW1 White, NM1 Ivory

Starter Box
Fits over existing single-gang outlet to feed power as the starting point for your system (1" deep).
NMW2 White, NM2 Ivory

Deep Outlet Box
Accommodates most commercial grade wiring devices (1 3/8" deep).
NMW3 White
NM3 Ivory

2-Gang Outlet Box
Expanded capacity for extra outlets or outlet/switch combinations (1 3/8" deep).
NMW3-2 White, NM3-2 Ivory

Extra Deep Outlet Box
For oversized wiring devices such as fan speed controls, dimmer switches and GFCIs (1 3/4" deep).
NMW35 White, NM35 Ivory

Circular Fixture Box
For bringing power to a light fixture, ceiling fan,* smoke detector, or other round based fixtures.
NMW4 White, NM4 Ivory

Flat Elbow
(2 per card) For making a left or right 90° turn on a flat surface.
NMW6 White, NM6 Ivory

Inside Elbow
For making a 90° turn around an inside corner from wall-to-wall or wall-to-ceiling.
NMW7 White, NM7 Ivory

Outside Elbow
For making a 90° turn around an outside corner.
NMW8 White, NM8 Ivory

Accessory Pack
Mounting components for NM1 wire channel, including screws and anchors, wire clips, and joint cover.
NMW910 White
NM910 Ivory

T-Fitting
For installations requiring 3-way branching including 90° angle.
NMW11 White, NM11 Ivory

Conduit Connector
For transitioning from nonmetallic raceway to conduit.
NMW17 White, NM17 Ivory

*Not a mounting bracket. Ceiling fans and fixtures over 10 lbs. must be mounted independently from circular fixture box.

Easy to install:

Cut nonmetallic raceway to size.

Mount base to wall.

Insert wire.

Snap on cover.
