FUNCTIONALITY, FLEXIBILITY & CAPACITY WITH STYLE

The Evolution™ Series evolves with the addition of the new Evolution Series Hinged Wall Box. These boxes offer a clean look that architects love with all the functionality and flexibility that engineers and contractors require.

Evolution Series Hinged Wall Boxes include a finished interior in 4- and 8-gang versions, with a decorative, hinged, locking cover that is paintable to blend with any decor.

Evolution Series Hinged Wall Boxes work in both new work and old work applications. These boxes are easily configured and/or reconfigured when needed. They're designed to accept most manufacturers' power, communications, and A/V devices, while having the depth behind device mounting plates to accommodate even the largest A/V devices.

Evolution Series Hinged Wall Boxes are ideal solutions for hotels, hospitals, lecture halls, conference rooms, entertainment venues, and airports.

EVOLUTION™ SERIES WALL BOXES

EHWB4 4-gang open system

EHWB8 8-gang open system

The newest addition to the Evolution Series

The Evolution Series Hinged Wall Boxes come with a host of smart features. Available in both 4- and 8-gang configurations, designed for maximum capacity.

Exclusive features and benefits include:

New work and retrofit applications.
Evolution Series Wall Boxes are designed to be installed in both new work and old work installations, saving time and money on the job site.

Built-in Tunnel & Feed-through capability.
Allows service feeds to be fed through the box, reducing the number of feeds required to reduce installation time.

Fully finished painted interior
Finished interior eliminates the industrial look for upscale installations, while increasing visibility, making it easier to locate, wire and plug in devices.

Multiple knockout sizes.
All of the Evolution Series Wall boxes can accept service feeds from 3/4" trade size up to 2" trade size. These knockout plates are removable and interchangeable, providing the most flexibility and configurability options possible.

Accepts standard size wall plates.
Wall boxes are designed to accept standard size device plates. Standard plates simplifies ordering and installations.
