Nuvo®
3-Zone Kit

This convenient kit includes everything you need for 3 zones of multi-room audio with the performance of the Nuvo P3100 with the added convenience of control of the P10 keypads.

Features

- Quickly access music from your PC or Mac and play it anywhere in your home.
- Internet Radio streaming directly to your Nuvo System.
- In a single, rack-mountable unit, the P3100 provides three players, for three individual amplified zones.
- Group all of your zones to play in Party Mode and have all zones play the same music in sync.
- High-performance amplifier operates coolly and saves energy while minimizing distortion.
- Connect a storage device to the USB port and play its music through your Nuvo system.
- Support for English, Spanish, French, German, Italian, & Portuguese.
