EZ Patch Smart Manager

Product Brief

This 19-inch, EZ Patch Smart Manager offers in-rack cable management, allowing for a clean and organized aesthetic without the risk of ultra-short patch cords. This manager is made of durable, textured plastic and comes in 1RU and 2RU variations. This manager is ideal for setups where a clean look and accessibility are prioritized over density. The manager provides excellent organization of cords, an ideal bend radius, increased airflow, all while allowing easy access to patching.

Key Features
Durable, textured plastic
In-rack cable management
Available in 1RU or 2RU sizes to fit any configuration
Provides optimal layout with ideal bend radius and airflow

Benefits
In-Rack management allows users to create a clean look without resorting to ultra-short patch cords.
Reduces labor time by allowing technicians to easily access and swap out patch cords
